## Primary Sport Premium Funding 2018-2019

### What is Primary Sport Premium Funding?

Primary PE and Sport Premium is an initiative that aims to help increase and improve the PE and sporting opportunities for children. Schools must use Primary Sport Premium Funding to make additional and sustainable improvements to the quality of PE and sport offered.

The premium should be used to:

- develop or add to the PE and sport activities that school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

There are 5 key indicators that schools should expect to see improvement across:

- the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport

In the financial year for 2018-2019 we will receive £18,370 Sports Premium Funding. The table below shows our targets, how the funding will be spent in order to achieve that target and the outcome for the children at our school. This is subject to change depending upon unforeseen opportunities such as cancellation of activities or planned events.

We have identified five key areas on which we focus to improve outcomes for the children of our school.

1. Continue the cycle that all children (Year 3 upwards) are given the opportunity to begin to learn to swim
2. Children are exposed to the knowledge of those with expertise in sports both in and out of school
3. Children are exposed to sports competition
4. Children are exposed to extra-curricular activities
5. PSHE links - leadership and working as a team

### Number of pupils and primary sport premium grant received

**Number on roll:** 248 (as of September 2018, not including nursery)

**Amount of funding received:** £18,370 (September to September)
