<b>Art &amp; Design: Year 1/2B</b>		
<b>Vision:</b> At Corporation Road Community Primary School, we want children to have an appreciation of different artists and for children to be able to talk about a range of artists and their work. We want children to recognise some works of art, name the artist and give some background information. Children will be able to create their own pieces of art and be confident to describe and evaluate the skills and techniques they've used to create their own pieces. We aim for children to have the knowledge and skills to prepare them for art and design in secondary school as well as if they want to pursue it as a career choice.

<b>End Point:</b> <b>Community</b>	<b>End Point:</b> <b>Citizenship</b>	<b>End Point:</b> <b>Gender &amp; Equality</b>
For children to understand that art and design can bring people together from their local and wider community. Understand that art and design bring together a richness of cultures, beliefs and religions from across the world. Understand similarities and differences when we compare what we have, to communities past and present, near and far. To know that through art and design, you can contribute to your local and wider community.	For children to understand that as citizens, we can use art and design to help work towards the betterment of the whole community. Children will know that through art and design, you can help to improve the mental health of yourself and others around you.	For children to have an appreciation and knowledge of a wide range of artists. To understand that irrespective of gender, race, beliefs, culture or religion, you can have an appreciation of art and design. For children to have the skills and knowledge to have the option of continuing art and design in higher education and/or through a career.
