## History: Year 1/2 B

## Vision:

At Corporation Road Community Primary School, we want our pupils to have an understanding of the past and how history will shape their future. Underpinning everything that we do are our four themes: Community, Citizenship, Gender & Equality and Legacy & Impact. We stimulate the children's interest and understanding about the life of people who lived in the past, the key events that took place and how this has contributed to our lives today. We teach children a sense of chronology, and through this they develop a sense of identity and a cultural understanding based on their historical heritage. Therefore, they learn to value their own and other people's cultures in modern multicultural Britain and, by considering how people lived in the past, they are better able to make their own life choices today. We teach children to understand how events in the past have

influenced our lives today by investigating past events.	In doing so, we deepen our pupils' enquiry	, analysis, interpretation, communication and problem-solving	skills.

### **End Point:**

## **Gender & Equality**

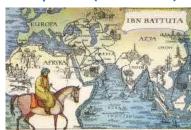

Our children will understand how gender and equality has changed over time, both within the United Kingdom and the wider world. They will understand how these changes have arisen from studying significant individuals, events and movements. Furthermore, they will be able to acknowledge different points of view and understand why these are important in understanding and interpreting history.
